Prison Rape Elimination Act (PREA) 2022 Annual Report

PREA Background

The Prison Rape Elimination Act (PREA) was signed into Federal law in 2003 by President George W. Bush. It was created to address the problem of sexual misconduct in all confinement facilities. In 2012, the U.S. Department of Justice released national PREA standards to prevent, detect and respond to sexual abuse and sexual harassment in confinement facilities. The Act requires all federal, state and local corrections agencies to have a zero-tolerance policy regarding sexual misconduct in prisons, jails, police lock-ups and community confinement facilities.

The Imperial County Sheriff's Office has a zero-tolerance policy relative to sexual misconduct. All facilities/programs comply with federal and state laws as they pertain to PREA, sexual violence and sexual misconduct.

Annual Report

Since 2012, when the final PREA standards came into effect, the Imperial County Sheriff's Office has made every attempt to maintain policies and procedures to guide our staff, volunteers and contractors with regard to incidents of sexual abuse and harassment. A Correctional Lieutenant is assigned as the PREA Coordinator for all facilities within the Imperial County Jail. and is assigned to maintain that all Imperial County Jail facilities meet the standards as set forth in the PREA standards. It is the policy of the Imperial County Sheriff's Office to provide training to all staff, volunteers, contractors, and inmates to prevent sexual misconduct and to fully investigate and prosecute those involved in such conduct.

The U.S. Department of Justice refers to incarcerated persons as inmates in their standards. The Imperial County Sheriff's Office has adopted the term incarcerated person (IP) to replace the term of inmate in accordance with California Code of Regulations Title 15 – Minimum Jail Standards.

The Imperial County Sheriff's Office has a system in place to collect data on incidents of a sexual nature in all of the Imperial County Jail facilities. Each facility collects accurate, uniform data for every allegation of sexual abuse or sexual harassment. The following table includes data from January 2022 to December 2022.
